Temporary 5 MPH Speed Limit on Folsom Lake Lifted

FOLSOM – The temporary 5-mile-per-hour speed limit on Folsom Lake has been lifted.

The lower speed limit had been put into effect on May 1st, due to large amounts of floating debris on Folsom Lake as a result of heavy winter and spring rains. Crews are continuing to remove floating debris from the lake. Boaters are urged to use extreme caution and exercise sound judgment while recreating on Folsom Lake as there is still floating debris which can become navigational hazards.

“Although the crews have removed a large amount of debris from the lake, there are still pieces floating out there that could become navigational hazards for people engaged in aquatic recreation activity,” said Dan Tynan, State Park Lifeguard Supervisor. “We urge people to take all necessary precautions to be safe out here this holiday weekend.”

Folsom Lake State Recreation Area Office is at 7806 Folsom-Auburn Road in Folsom. For more information, call (916) 988-0205.
